

WHEN THE RISKIEST THING YOU CAN DO BEHIND THE WHEEL IS *TOUCH IT ...*

IT'S TIME FOR **PermaSAFE** Surface & Air Sanitation System

THE AVERAGE VEHICLE IS HOME TO MILLIONS OF BACTERIA AND VIRUSES AND IT CAN TAKE AS FEW AS ONE TO MAKE YOU SICK!

PermaSafe is a revolutionary Vehicle Disinfection and Long-Term Antimicrobial Surface and Air Protection System that:

- ◆ Kills 99.999% of harmful bacteria and viruses
- ◆ Eliminates surface and airborne odors and allergens
- ◆ Destroys and inhibits growth of mold, mildew & other microbes
- ◆ Makes cabin surfaces antimicrobial and virtually “Self-Sanitizing”
- ◆ Sanitizes heating and air conditioning systems and ductwork
- ◆ Continuously purifies your vehicle’s passenger cabin air

Uniquely multifunctional, PermaSafe also helps preserve and protect the look, feel and smell of interior surfaces, from headliners to carpets and everything in between.

- ◆ Repels and resists stains from liquids, dirt and other spills
- ◆ Shields and helps extend life of upholstery, carpets, and other materials
- ◆ Helps prevent future odors, fading and the onset of surface decay

**MEETS THE EPA’S CRITERIA FOR USE AGAINST SARS-COV-2,
THE NOVEL CORONAVIRUS THAT CAUSES THE DISEASE COVID-19**

Even more than its versatility, what’s most remarkable about PermaSafe is it can:

- ◆ Last and remain antimicrobially effective for months
- ◆ Does it all without the use of any harmful chemicals
